SNOW POST IN PVC			PONI3063
A4	Snow post with gray PVC pole of great thickness and 63mm external diameter. Total length of 3000mm, covered in a 2000mm section with reflective film strips alternating with colors at the customer's choice. Second coating with transparent antigraffiti film and topped with a black cap. The pole can be fixed directly to the ground or installed with a buried pod that allows the extraction of the post outside the snow season.	15-06-19
