

FT - TECHNICAL SHEET

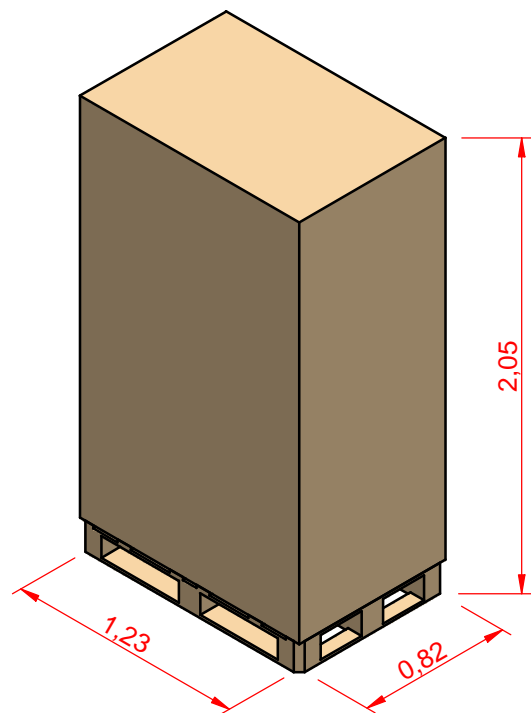

| LIGHT HEAVYWEIGHT 75cm CONE | | Ref. | CONO75L |
|-----------------------------|--|--------------------------------------|---------|
| A4 | Very flexible PE body and injected base pressure assembled in black PVC. Approximated weight of 3,60kg : 2,85kg concentrated in the base with a perfect stability against lateral impacts. The reliefs on the underside of the base confer great wind drag resistance. They are deeply embedded without binding and can be handled with a superior ergonomic handle. W1 classified according to the EN13422 norm. Coated on order with four options of white bands, welded, Class R2. | 13-07-17 | |
